

Eddycrest Sewing Center

Customer Focused Design

Flexible Drawer System

Good design comes from good research. Partnering quilters' suggestions with direct observations of quilters at work, gave birth to a more ergonomic sewing center.

Unit Details

Dimensions:

Length	60"	152.4 cm
Length With 12" Drop Leaf		
	72"	182.9 cm
Depth	28"	71.1 cm
Height	29.5"	54 cm

Machine Height Adjustability

The adjustable machine support, can be flush with the table top or lowered to provide a level surface between an extended acrylic table (not included) and sewing machine deck. This height adjustment alleviates stress on the shoulders and neck.

Flush mount to standard acrylic tables

Large Work Surface

Big work surface with drop leaf extension

The large work surface with 12" drop leaf provides ample work space. The unit is finished with beeswax to give a smooth chemical free finish.

Drawers

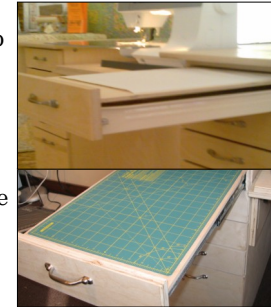

The unit has 10 drawers; 2 dedicated to bobbins and thread, 2 partitioned for patterns and books, and 6 with inserts that can be rearranged without tools. All drawers are made with smooth running 20" drawer slides that can support over 60 pounds per pair.

1) Neatly organize threads and bobbins, 2) Store patterns and books, 3) Rearrange the dividers to fit your needs

Pull-out Stations

Concealed above each top drawer, the interchangeable cutting and pressing stations can be pulled out for use. They are fully supported by the drawers below. The cutting station is

1) Press station at your fingertips 2) Sturdy Cutting Board

equipped with an inset, self healing, 12" by 18" cutting mat. The press station has a replaceable heat resistant surface.

Eddycrest Cutting Center

Storage and Function

The cutting center offers a sturdy platform to improve the cutting experience by providing plenty of table-top space to cut and sort fabrics. The unit is completed using large, efficient storage and 3 coats of *Clapham's Beeswax* Finish.

Surface

The open surface presents a 60" by 37" work area that compacts to 28" by 37" with the leaves down. So even when the unit is folded down it can still hold a large cutting mat.

Compact, yet functional when leaves are dropped

Cutting Center with fat 1/4 filled drawer

Drawers

4 large drawers, 20" by 18" by 6" deep, have adjustable dividers to organize your fabrics and accessories. Each drawer comes with 4 dividers. The drawers are rated to support 60 lbs each so you can load them up with as much as you can fit in them. The drawers are finished off with Nickel drawer pulls.

Adjustable Dividers

Board Storage

To the right of the drawer is a tall narrow space to store an assortment of boards and rulers. Also, the back of the unit has an adjustable shelf for additional storage.

Mobility

The unit sits on 4 low profile lockable swivel casters to give more flexibility.

Price **\$740.00**
